DR. STRAUS. SURGEON DENTIST, WOULD inform the citizens of Louiswille and its vicinity, that he has located himself here permanently, for the purpose of practicing his profession in all its various branches, after the latest and most approved style. Having practiced for the last twenty years in New Orleans, I feel confident of giving satisfaction to every one who may honor me with a call. I would call the particular attention of the public to my mode of filling teeth, which is done in such a manner as to get twice the amount of gold into a cavity, as done in the usual way. I can, therefore, "guarantee "every tooth plugged in such manner to be as good as if never decayed.
Artificial teeth inserted—from one to an entire set—
not only for beanty, but also for use, with or without suction, such as the case may require. Teeth extracted with as little pain as possible, and all other operations pertaining to dentistry.

FITTZ & WILSON, BAVING had the advantage of a thorough Dental education, offer their Professional services to the cliizens of Louisville and vienity. Dr. Fittz's skill in Mechani cal Dentistry can be seen at their office, specimens of which took the first Premium and Diploma at the United States Fair in 1857. Dr. Wilson has been treating aching teeth successfuily for the last five yerrs by destroying the nerve without pain, filling the fangs and crown with gold, restering the tooth to its natural shape, and making it as useful as before decay. Do not have your teeth extracted until you are certain they cannot be saved.—Mor: than fifty per cent. of the teeth usually extracted can be made useful through life. We are daily treating and filling teeth of this class that comes in to be extracted. In no case do we disfigure a tooth by filing to fill it, using other and better means than the indiscriminate use of the file. Any tooth can be filled with gold that is worthalling at all. We use, when requested, a local anesthesia to prevent pain in extracting teeth. All operations warranted as represented, and terms as liberal as any good Dentist can alford. DENTAL SURGEONS,

to the 8th of January convention. A SAFE FOR A SAFE BANK .- We had the pleas ure, yesterday, of examining one of Harig's burglar-proof safes, intended for the Glasgow branch of the Northern Bank of Kentucky. This model safe was built expressly for the institution concerned, and is one of the best specimens of work that has ever been manufactured at the Kentucky Lock Works. Capt. A. C. Harig has exercised his atmost ingenuity in the production of this "institution." Its walls are composed of onethird meh iron, three inch steel, and one fourth iron. The bolts are of steel, and the hinges of the same, and are of sufficient strength to cut glass. This safe is not only warranted to be burglarproof, but is to be placed within one that is impervious to fire. It is furnished with one of Harig's new combination locks, so that the thief who attempts to intercept any valubles will be

ompletely dum-founded. Capt. Harig has also in process of construction a burglar-proof safe for the branch of the Bank of Kenucky at Hopkinsville.

All of our State institutions have tested the ability of Capt. Harig in the constuction of safes and locks. They unite in commending his labors as the best in the country. He excels, as has been demonstrated, even the great Hobbs. At his establishment, on Third street, in the old postoffice building, he may be always found, ready to to explain the operations of his very wonderful nventions.

ARREST OF THE BURGLARS .- We mentioned yes erday the arrest of Dan'l Johnston and Charles aley, accused of robbing the store of Magness & Myers, on Saturday night. Chief Ray and priate watchman Thos. Slater, succeeded in capturng Henry Evans, another of the suspected camps, in Jeffersonville yesterday. These men, it is well understood, are the enterprising individaals who also robbed the establishment of Dicksen & Gilmore, some weeks since. A number of pistols and knives, which they got by that burglary, were found in their possession, or at their boarding house. Nearly all the goods taken from Magness & Myers were also recovered. One of the burglars told the chief that they got into the store of Magness & Myers by going down through the front grating into the cellar, and then up brough the trap door, which was unfastened. He hen broke the lock off and admitted one of his onfederates, who stood at the door, while the

hird kept watch on the street. Mr. Ray, chief of the police, and Thomas Slater, private watchman, deserve credit for the prompt and efficient manner in which they pursued and arrested the burglars.

THEATER.-A large audience atterded the the ater last evening. The drama of the "Knight of Arva" was well cast and played. Mr. Floreuce did justice to "Connor the Rash," while Miss Ida Vernon was a most graceful "Duchess." She was dressed, as she always is, with exquisite taste .-The "Lesson for Husbands," a protean piece, next followed, with Mrs. Florence in six favorite characters, all of which she played to the unbounded admiration of those who were there to see. Mr. Florence's "Paddy Murphy," in the comedy of the "Happy Man," was so natural, one might well think he was the happiest fellow alive. The bill for to-night consists of the "Irish Hussar," "How to Get Out of It," and "Bumpology,"

all excellent pieces, in which the Florences sustain the principal characters. Buyers will recollect that Messrs. S. G. Hen ry & Co. commence their large cash sale of desirable winter dry goods and winter gloves this morning, (Tuesday,) at 10 o'clock, at auction rooms. At 12 o'clock precisely, and to which they would call the special attention of clothing and furnishing merchants, an invoice of Louisville made heavy over and business coats, with a splendid line of gent's woolen, merino, and Canton flannel

underwear, silk plush caps, gingham umbrellas, and heavy knit jackets. John Jahn was committed to jail yesterday, on a warrant accusing him of feloniously appropriating a note from M. S. Field, on which there was due a balance of \$38. It is stated that the lawyer presented the note for payment, and Jahn took it, saying he would pay the principal but not the interest. The lawyer declined receiving the amount proposed, but Jahn then refused to give up the note. Hence the warrant, and whether it constitutes felony or not, courts, not

We are pleased to learn that the disaster n the Nashville railroad, last week, was not of such a serious character as reported. Under the superintendence of Mr. J. F. Gamble, this has proven one of the most secure and rapid roads in the country. The trains make excellent time, and notwithstanding the "hog caravans," everything is on the track and in proper order. No road can

boast of superior management. REMANDED TO JAIL BY HIS FATHER .- Our readers will remember the arrest, several weeks since, of Officer Mitchell and his son for killing a German in Portland. They were released upon bail. The son left custody, perhaps fearing a trial, was pursued by his father and arrested. The father deivered him to the officers of the jail, and then the manly feelings which had previously sustained

him were overcome, and he wept as a child. that this institution is to be addressed this evening by Rev. Dr. Hiram A. Hunter, and that entered apprentices and fellow crafts are specially invited. We are gratified to learn that the "School of Instruction," under charge of the indefatigable Grand Master, is doing much good in

dispensing knowledge amongst the craft. Dr. Hunter at the Louisville Hotel.-We are pleased to record the arrival of this justly celebrated physician in our city. His system of treatment, based as it is on great experience, is spoken of in the most flattering terms by the best medical ournals of the country. His letters on the diseases which he has made his speciality, we feel assured will be read with much interest.

POLICE COURT.

GEORGE W. JOHNSTON, JUDGE. GEORGE W. JOHNSTON, JUDGE.

Monday, Nov. 29.

Peace Warrant.—Valentine Urig sued out a peace warrant against John B. Ewing and Phil. Berg, his half brothers. It appeared from his statement that he had first threatened to shoot Berg with a little brass pistol, with no cock, that wouldn't go off—without somebody took it off—and that Phil. then invited him to Preston's woods to adjust the matter by a duel. This Valentine wouldn't consent to; but Phil. afterwards took him by the neck-tie, and drew it rather tight. Ewing, he said, had shown a revolver to an acquaintance, and said it was intended for him.—The young fellow couldn't make out a case, al though the court indulged him in the largest liberty, and so dismissed the complaint at complainant's cost. Master Valentine, who is quite a lad, therefore left with a flea in his ear, and less money in his pocket.

DRUNK AND DISORDERLY.—Wm. B. Morris was presented for drunkenness and disorderly con duct. An examination was waived, the charge confessed, and the young man held in \$200 to be of better behavior 3 mouths. His father came into court and asked his son if he would keep orderly if he would go his bail. The young man promised that he would, and entered into bonds with his father as security. promised that he would, and entered into bonds with his father as security.

The Same Charges.—Wm. Couolly was in arrest on precisely the same charge. On Sunday night he was asleep in an oyster saloon, on 5th street, and the bar keeper waked him up, telling him they had no sleeping apartments for strangers. This insulted Conolly, who got uproarious, and a watchman took him to juil for his bad conduct.—He confessed the corn—said he was a stranger.

Mississippi River Railway. The last session of the legislatures of the States of Tennessee and Kentucky, passed a charter for a railroad with the above name. The company

BRUTUS J. CLAY, Pres't. a railroad with the above name. The company has been organized, under the provisions of the charter. The road is to extend from the city of Memphis, to a point on the Ohio river, opposi Cairo. It is to be built along the east bank of the Mississippi river, conforming to the general direction of the river, with such easy curves as to make the embankment answer all the purposes of a first-class levee, for the protection and reclamation of the swamp and overflowed lands, situated in the Mississippi river bottom, in the States of Kentucky and Tennessee. The company was or ganized last spring, and is now in the field, rais ing the funds to build the levee and road. The company will make application, probably,

to the ensuing session of Congress for govern-

They base their claim upon the fact, that in the year 1850, Congress donated to Missouri and Arkansas all the swamp and overflowed lands lying in their borders as a fund to enable these States to build levees, and cut drains, for the reclamation of these lands, and the closing out the annual in undations from the Mississippi river. These States have partially constructed their levees, and will have them completed in a few years, the result of which partial construction, and the final completion of this work, has been, and will be, the increase of waters, in the periods of high water, on the bottoms bordering the eastern shore of the river. It is estimated, and believed, that when the levees are finished on the west bank, the water will be increased in hight on the east bank at least two feet. The levees on the west side are completed, and are to be finished two feet and a half higher than the high water mark. The direct consequence is to throw the redundant waters on the east shore, until the river gets high enough to overflow its levees on the west shore, and as they are being built so as never to be overflowed, the eastern shore must always be a floodgate, relieving the opposite side. This munificence of the U. S. government works a positive injury to the States of Kentucky and Tennessee, in the carrying out and the very purposes for which the donation was made. No one doubts the policy of leveeing the west bank of the river; but while this is done by the means of the government, the east bank should be protected by the same magnanimous donor. The ground upon which this company bases its claims for government aid is well taken, and rests upon the processor of the shore; that the cable is there denuded for two inches of its gutta percha believed that if Congress will give lands or other funds enough to build a good, safe, substantial levee on the east bank, the States of Kentucky and Tennessee, the counties and people along the line of the road, and the city of Memphis, and other roads,

We hope that he will be able to adjust the many unsettled claims between this country and Spain. Some of them have been standing for years, and the parties immediately interested are daily dying off. The Washington County Meeting.

A Democratic meeting in Washington county n this State, passed a resolution to the effect that Stephen A. Douglas is a sound national Demo crat, and worthy of the confidence of both North ern and Southern Democrats. This is truly refreshing! We congratulate Mr. Douglas on being again reinstated in the confidence of the Democ-racy by the Washington county meeting. Strange to say, the meeting didn't indorse the course of Mr. Crittenden. We don't see any sense in complimenting men away off in Illinois, when there are men in this State of the Marshall, Underwood, and Crittenden school, who occupy the same position and entertain the same views. We don't like to see this discrimination in favor of the Illi nois Senator. Is Judge Douglas the only Northern Democrat worthy of confidence that he should be singled out and complimented by resolution? singled out and complimented by resolution? Where are all the gallant Lecompton Democrats? Where is Judge Hughes, of Indiana, our champion in the national House of Representatives? Defeated—defeated by a Black Republican by the aid of a bolting independent Douglas candidate. The services of all the true northern Democrats has been ignored by the Washington meeting. Even gallant Jack Thompson—a near neighbor and known to the people of Washington county from his boyhood—was passed over without one word of commendation, although during the recent session of Congress he stood up manfully with the national Democracy in defence of the constitutional rights of the South.

FRIGHTFUL ACCIDENT .- Charles and George Mc Kipley, two boys, were killed at Norwalk, Ohio Tuesday last, by falling into a well. The Cleve land Plain Dealer thus narrates the horrible ac-

and his two sons, Charles and George, dug a well near their house, to the depth of fifty-seven feet. The well was about eighteen inches in diameter at the top, and three feet at the bottom. Yesterday they commenced erecting a curb around the well. The windlass, which had been used for drawing up dirt, was still standing over it and by drawing up dirt, was still standing over it, and b some means the bucket attached to the windlass rope became unfastened and fell to the bottom.— One of the boys put his fect in the iron hook at the end of the rope, and went down to recove the bucket, the other holding the windlass the while. When some ten feet on his way down, the boy slipped from the rope and fell to the bottom of the well. Mr. McKinley, wild with herror, put his other son upon the rope and bade him go down and save his brother. The boy attempted to do so, but lost his hold when some twelve feet down and fell to the bottom as his brother had befor him. A light was lowered into the well to enable those above—there was a large crowd congregated—to see the unfortunate lads, but the air was so foul that the light instantly went out.

A large number of men worked all yesterday afternoon to recover the bodies of the boys. They were raised several times to within eight or ter feet of the top, but the opening was so extremely small that they could not be pulled out, and fell violently back to the bottom. It was proposed to

lig the well out. The boys were aged seventeen and fourteen years, respectively, and are described as smart and worthy boys. The calamity is alike singular and shocking.

SINGULAR AND STARTLING DEVELOPMENT-A MAN Confesses Himself a Murderer.—Last evening a man, who gives his name as Peter Martin, wen a man, who gives his name as Peter Martin, went to the police office, looking the perfect picture of despair, and surrendered himself into the hands of the authorities, saying that he was a murderer. The first words he uttered were, "I can stand it no longer; my life is a burther, and I must reveal." He then proceeded to state that, about six weeks ago, he came to St. Louis, on a boat, from Cairo; that, on the way up a fellow-passenger, whose name he did not know, attempted to rob him, and that while the boat was in this port he sought a quarrel with the unknown man, in which sought a quarrel with the unknown man, in which he stabbed him and then pitched the body over board, throwing the knife after him. He could not name the boat, and, in short, the above wa all his story, which story must be regarded, it true, as a remarkable instance of the remorse o conscience. Everything about the man seemed to bespeak the truthfulness of his statement, and at his own request, he was placed in the cala boose, to await an investigation of his representa tions.—St. Louis Republican, Sunday.

\$50 REWARD.

WILL give a reward of Fifty Dollars for the appre-hension and confinement in jail so that I can get him, certain free negro, named Jackson Hunt or Hilliard, alsed in DeKalb County, Tennessee, having free papers raised in DeKalb County, Tennessee, having free papers from said county.

Said boy is about 5 feet 10 inches high, dark mulatto color, spare make, weighs about 140 or 150 pounds, good countenance, steps short in walking, aged about 20 years; had on new black clothing, and probably a bluish hat when he left. Said boy is accompanied by a white girl, my daughter, whom he stole and is running away with, and it is supposed they are aiming to make their way to a free State. They left my house, Tmiles west of Smithville, DeKalb County, Tenn., about dark, Tuesday evening, Nov. 23, 1858.

My daughter, who is named Harriet, is about 15 years old, well grown for that age, weighs about 140 pounds, fair complexion, slightly freekled, rather coarse featured, dark or brown hair, can read print well, and writing poorly; had on when she left, a black shawd with a flower in one corner of it, and a home-made cotton dress, and with her two worsted dresses, just a home-made satchel. I wish her also confined. ined.

Papers throughout the country, sympathizing with a distressed family, will please notice.

DODGE'S PATENT GRATES AND STOVES!

100 PER CENT. MORE HEAT, WITH 50 PER CENT. LESS FUEL. Have All Your Grates Reset with this

Improvement. If any housekeeper is unacquainted with the merits o this PATENT, they should, for their own interest, make inquiry of some one of the thousands who have it in use. We are constantly asked by those who have had their Grates reset with this improvement, why every one does not get it at once? We know of but two reasons for the delay:

1. Many persons have been deceived by patents and ninal improvements, and are, therefore, disposed to avoid further impositions by rejecting everything NEW.

2. Others do not give that amount of thought to mak home comfortable which it deserves. We do not ask any one to run the risk of being de eived with this improvement, as we guarantee satisfac

WE invite the special attention of the public, and the ladies in particular, to our large assortment of Furs, consisting of Capes, Tippetts of various qualities and kinds, which we offer to any and all at Eastern cost. Call and examine them for yourselves, ladies, and we will wager that you will acknowledge their cheapness and superior quality.

Our \$4 Slik Hats have never found their equal, and we wish that persons desiring a real nice Dress Hat would call and see our stock that we are daily getting up. Soft Hats—we solicit every body to call and satisfy themselves that we keep the real welcome Hat to everybody's fancy.

Thankful for the past favors, we hope, by continued exertions, to receive the l berai patronage of the pab-No. 527 Market street, between Second and Third

Market street, between Floyd and Preston. n24 dtf LUNAR LIGHT. THIS LAMP burns with a pure white brilliant light equal to gas, and is much cheaper than gas. The Luar Light took the first premium at the last Mechanics' Fair in Louisville. One dollar's worth of Lunar Oil gives the light of \$3 16 of Lard Oil, \$4 36 of Whale Oil, \$9 4 'of Burning Fluid, \$14 26 of Candles. Half a pint burns 15 hours, costing about 5% cents, giving a light equal to 5 or 6 star candles. Lunar Oil is not explosive, has no disarreeable smell, and is not liable to smoke. Lamps suitable for all purposes.

FOR SALE OR RENT—The subscriber being anxious to remove to Texas, is desirous of good rich land, with Dwelling and out buildings, and good water. Will be seld together or in lots to suit purchasers, or would be exchanged for approved Texas lands. This land lies near the terminus of the Dunkirk road, 3 miles from Louisville, on the Ohio river, fronting on the first deep water below Fortland, where shipments can be made at any stage of water, and would be a fine site for a ship yard, and certainly presents a very rare opportunity for those wishing to purchase a beautiful and healthy home in the country. For gardners and those wishing to cultivate land for the Louisville market, it presents great advantages, as it is near town, and on a good dirt road.

are new Pianos in this market, but they are well known
in many sections of the country as an A No. 1 instrument. Competent judges who have tried them pronounce them fully equal, if not superior, to the Steinway & Son's Pianos. They are a beautiful, highly finished instrument, and we can sell them at three-fourths the
price of a Chickering Piano, as we do not have to pay
anything for their natme or reputation. We still keep a
full supply of the New and Improved Scale of Chickering & Son's Grand, Parlor Grand, and Square Pianos,
and as we are Cash Dealers in them, we can sell them uausually low for cash. We have also several other makes

GEO. B. SLOAT & CO.'S PREMIUM Sewing Machines.

THE attention of an enquiring, intelligent and discernice public, is earnestly invited to an unprejudiced and critical examination of George B. Sloat & Co.'s newly improved SEWING MACHINES.

Mr. Sloat has spared neither money, time or thought, but has unreservedly and nobly devoted all to effect the desired result of producing the beautiful, simple, durable and practically useful Sewing Machine, which he now manufactures and hesitates not to assert that it is not equal, but superior to any now in use or in the market, and at prices fifty per cent less than any good Lock-stitch Sewing Machine ever sold. Full instructions given in all kinds of sewing that is done on any other Machine. Send for a circular.

Samples of work sent by mail. Prices, \$60 and \$65. Hemmers, \$3.

It is no new and untried article, but one that has stood the test of a ten years' trial before the American people, and its reputation and sale is unrivalled by any similar preparation extant. The testimony in its favor given by the most prominent and well-known Physicians and individuals in all parts of the country is immense, and a careful perusal of the Almanac, published annually by the proprietor, and to be had gratis of any of his Agents, cannot but satisfy the most skeptical that this remedy is really deserving the great celebrity it has obtained.

THE RIVER continues stationary, with scant four and a haif feet water in the canal, the rains of and a haif leet water in the canal, the rains of Saturday proving effectual in checking the river from falling. The weather is cloudy and moder-ate, though rather cool last night, about cool enough for frost, and if it comes and another follows, it will make three, and then more rain

Our telegraphic dispatches yesterday from Cin Our telegraphic dispatches vesterday from Cincinnati and Pittsburgh were favorable for a good stage of water again, as the river was rising at both places, with rains, including a heavy fall of snow at the latter point, followed by rain.

The officers of the mail boat yesterday report the Little Miami, and other streams, rising a little from the effects of the late rain, and a rise of about an inch was actually reported in Kentucky river, at the mouth. If the rain has been any ways heavy along the Kentucky it will make a good stage of water all along the lower Ohio.

At the Grassy Flats the mailboats report only four and a half feet water, and hard to find the channel, rurning next to the Indiana shore.

channel, rurning next to the Indiana shore. This is barely as much as there is in the canal, and the Cincinnati tubs cannot abuse that famous chute any more.

The Conewago, a heavy propeller, got caught on the flats, where she stuck hard and fast until lightened over by the Kate Sarchet.

The Steve Decatur came in last evening from Cincinnati, drawing all the water, and no doubt was all night working her way though the canal. The Bowling Green came in from Cairo yesterday with a heavy cargo of groceries for Cin-cianati, reshipped from the Gladiator. It con-sisted of sugar and molasses, which was again reshipped on the mailboat Superior. THE HIGH FLYER .- This famous packet, from

The Bay City, on her way to St. Louis, met with an accident at Commerce, Me., on Wednesday night. As she was backing out from the landing, her stern strack a sunken log, knocking a hole in it, and breaking several timbers. She settled down upon the log, with her bow down stream, and started her pumps. Shedid not make much water, and would probably soon be off.

The Altamont and Messenger were to have est Cincinnati for New Orleans on Saturday, but were detained by the non-readiness of Uncle Sam with his troops. The St. Louis reports the Wood at Buffington in a bad fix. It is with difficulty that steamers can get around her. The stern of the Fulton City has broken down, and the boat is daily expected to fall to pieces and float away. The following we copy from the Cincinnati

Capt. Hopkins' new sidewheel Ouchita packet, Tigress, wil be completed within three weeks.
Capt. Parisot leaves for Vicksburg and Yazoo river, direct, on the 5th prox., with his new packet Dew Drop.
The Jacob Poe, bound up, was aground on "Four Mile," on Saturday.
The Tornado, with a tow of Pomeroy coal, sunk one of her barges at Twelve Pole, on Friday.

By dispatches from Parkersburg Sunday, at noon, we learn the river had risen three and a half feet at that point, and still swelling. This would make over seven feet water in the channel, and gives hopes of a good rise in the Big and Lit-tle Kanawha.

Mr. Robert E. Phillips, a well known boat man, died in St. Louis recently. He was clerk of the Flying Cloud. We learn that Red river, at Alexandria, was rising rapidly on the 17th, and was in pretty good boating order for first class boats.

THE SOUTHERNER.—By a special dispatch from Capt. Triplett, from Memphis, yesterday morning, we learn that the Southerner was to leave last evening. She will be due here Thursday evening, and returns to Memphis Friday evening. DISASTER ON THE UPPER MISSISSIPPI.—We learn rom the Galena Advertiser that last Saturday, as Mr. H. Van Liew, a theatrical manager, and other persons, were crossing the Mississippi river, below St. Paul, in a ferry boat, she was run into by a steamer. Four persons, including Mr. Van Liew, another mrn, a woman and child, were lost

JOHN RAINE FOR NEW ORLEANS .- The superb packet John Raine, one of the light evening. She starts at 4 o'clock, from Portland in charge of Capt. Underwood, a thorough boat-man, with our courteous and popular friend, Capt. A. Palacio, in the clerk's office, to attend to pas-

sengers.
The John Raine arrived direct from New Orleans last evening, and from her officers we learn that there were fully 4½ feet water at Cumherland, and five feet on Scuffletown and other places. She came up without delay, and of course can go here again just as headily. can go back again just as handily.

The John Raine met the E. H. Fairchild and Chancellor at Cumberland Saturday, and met the Diana under way below Brandenburg yesterday.

The Diana, hence for New Orleans, with a

big trip, had succeeded in working over the bar below New Albany, Sunday night, and Captain Sturgeon chartered the Diamond to go down and lighten her out of the ricery lighten her out of the river. The Starlight, Capt. Hayes' new Red river out, starts to New Orleans Saturday.

THE PACIFIC.—This great packet will probably top at Cairo, and turn back from that point.— She will start on Saturday, on the arrival of the TES WOODFORD -FOR NEW ORLEANS .- By a spe

gallant Woodlord, from New Orleans, passed that place at 10 o'clock yesterday morning. She is leans to morrow, Wednesday, evening.

FOR THE EAST—DIRECT ROUTE.—The mail boat to-day, is the Telegraph No. 3, unrivalled for speed and accommodations. She starts at noon, ast, and through tickets can be obtained of Col. yington, the clerk.

The most direct, pleasant, and reliable line of travel to New York, or any of the Eastern cities, is via Crestline, or Cleveland, which runs three through trains daily. This includes the new route between the seaboard and Lake Michigan, also between Cleveland and Chicago via Crestline and Cincinnati, and Chicago via Lima. Henceforth the company will run upon its own track, independent of all other roads. The distance over it via Pittsburgh and Philadelphia, will be less from Chicago to New York than by any other from Chicago to New York than by any other route, and there will be but one change of cars between Chicago and Philadelphia, and but two between Chicago and New York. A train will be leveland route, and through tickets can always

For Caigo and Mempers.—The staunch and commodious low water packet, John Tompkins, one of the best and lightest in the fleet, takes her departure to Cairo and Memphis this morning at 10 o'clook. She is in charge of Capt. Sutton, a skillful, clever Louisville boatman, assisted in the clerk's office by Mr. Twomey, who is always courteous and attentive.

The Tompkins was detained last evening by a Cincinnati heavy boat getting fast in the canal.

She gets off this morning punctually, starting from the city wharf, and being in charge of skillful officers, will go through without delay.

For Sr. Louis — The fleet and complete passenger packet Die Vernon is advertised for St. Louis on Saturday next. She is a famous boat, and having undergone through repairs and refitting, will be a great advantage to the trade. Captain Van Horton, who has charge of her, is a clever gentleman, and will see that travelers with him
